Your dollars go far beyond just a warm bed for the night. In shelter, clients receive a room which not only includes a bed but also clean linens and pillows, a restroom with toiletries, diapers and wipes if needed and clothing. This is just the beginning; clients also have access to free childcare while they are at work, searching for a job, at an appointment or while attending counseling or classes. Clients can receive individual and/or group counseling, legal assistance and accompaniment, goal planning, nutrition education, budgeting skills, career counseling and transportation along with three nutritional meals and three snacks per day!

Non-residential clients also benefit from a number of services including: safety planning, job skills, life skills, referrals and case management. They can also participate in support groups and/or therapeutic counseling for adult, adolescent and child survivors. **Services are always provided at no cost to the client.**
